EXPERIENCE

QureAI | ML Infrastructure Engineer

Mar 2026 – Present

- Designed end-to-end **GenAI** architecture for a clinical retrieval application: raised **top-3 recall from 61% to 89%** by rebuilding the **RAG** pipeline with **hybrid dense-sparse retrieval** and **re-ranking**.
- Designed a **Neo4j** knowledge graph enabling **graph-aware retrieval**, integrated into the production inference path.
- Rebuilt synchronous **LLM** serving into an **async, autoscaled** architecture on **GCP Cloud Run**, cutting **p99 latency from 420ms to 140ms** across **50K+ daily requests**.

Oracle | Software Engineer, AI Platform

Jun 2025 – Present

- Deployed production **AI workloads** on **Azure** alongside **AWS**, using **Azure-native services** for model hosting and pipeline orchestration.
- Built a deployment-gated **evaluation framework** with **guardrails**, monitoring hallucination risk and latency before releases reached production.
- Engineered API orchestration via a **distributed executor** with typed **REST APIs** and an **S3** artifact store, implementing **OAuth**-based auth and **RBAC** for governance and access control.

Nomura Research Institute Financial Technologies | Software Engineer

Sep 2019 – Aug 2023

- Architected **25+ production microservices** for **1M+ users** at **99.9% uptime** over 4 years on **AWS**, partnering directly with enterprise clients to translate requirements into technical designs.

PROJECTS

LangFetch

tinyurl.com/LangFetch

- LangGraph** agent decomposing multi-table questions into dependency-ordered **SQL** subqueries, deployed as an **MCP-compatible** server.

RootCause AI

github.com/ganeshhgupta/rootcause-ai

- LangGraph** multi-agent system diagnosing production incidents via **tool-use** chains and specialized sub-agents.

Watch-your-LLM

github.com/ganeshhgupta/watch-your-llm

- Self-hosted **LLM** observability platform with **hallucination scoring**, a **FastAPI** collector, and a **React** dashboard.

EDUCATION

University of Texas at Arlington | *M.S. Computer Science, GPA 4.0/4.0*

Aug 2023 – May 2025

MCKV Institute of Engineering | *B.Tech Computer Science*

Aug 2016 – Jul 2020

SKILLS

Languages: Python, TypeScript, Java, SQL

GenAI & Agentic AI: LangGraph, LangChain, MCP, RAG (Hybrid Dense-Sparse Retrieval), Prompt Engineering

Cloud & Infra: Azure, AWS, GCP, Docker, CI/CD

AI Governance: Evaluation Frameworks, Guardrails, Observability, OAuth/RBAC

Certifications: AWS Certified Developer Associate, GCP Professional MLOps Engineer
